Site Assessment Framework for HOUSING¹

Site details	
Reference Number	NLP336
Site Name	North of Hockliffe Road
Site Address	North of Hockliffe Road, Eggington
Settlement	Eggington
Size	Submitted Developable Area: 5.3ha Submitted Whole Site Area: 10.5ha Measured GIS Area: 10.75ha
Proposed Use	Residential
Any other information	

STAGE 1 : SUITABILITY AND AVAILABILITY (EXCLUSIONARY STAGE)

This section will exclude any sites which do not pass the exclusionary suitability criteria and they will not be assessed further.

STAGE 1A ASSESSMENT

This stage of the assessment rules out sites that are too small or conflict with national policy designations.

Provisional Site Capacity

1	Is the site likely to accommodate less than 10 dwellings? Work out the number of new homes from site size using density of 30dph and exclude up to 40 % depending on site size of land for infrastructure and services, take into account topography or significant areas of undevelopable land. Site Size Gross to net ratio standards <ul style="list-style-type: none"> Up to 0.4 hectare 100% 0.4 to 2 hectares 80% 2 hectares or above 60% <i>Note: for this calculation use the submitted Developable Area, or the area measured in GIS if this is smaller.</i>	No	Number of proposed dwellings as per proforma: 170 Number of proposed dwellings as per CBC methodology: 95
----------	--	----	--

Flood Risk (All sites which reach Stage 2 will be subject to the Sequential Test)

2	Is more than 50% of the site located in Flood Zone 2 or 3?	No	
3	Is more than 50% of the site at risk from surface water flooding?	No	

Nationally significant designations (All sites which reach Stage 2 be subject to detailed assessment)

4	Is more than 50% of the site covered by nationally significant designations? These are: Sites of Special Scientific Interest, National Nature Reserves, Scheduled Monuments, Registered Parks and Gardens.	No	There are no nationally significant designations on the site.
5	Is more than 50% of the site located within the Area of Outstanding Natural Beauty?	No	The site is not located within the AONB.
Does the site continue to next stage?			Yes

¹ Employment sites and Gypsy and Traveller sites will be assessed using separate bespoke site assessment criteria.

STAGE 1B ASSESSMENT

This stage of the assessment rules out sites that are not well related to existing settlements but are of an insufficient size to be self contained. It also rules out sites which would cause coalescence of existing towns or villages. For the purposes of this assessment, a self-contained site is defined as a site which will provide 1,500 homes or more².

Relationship to Settlement

6	For sites that are not of a sufficient scale to be self-contained, is the site a logical extension to the settlement or are there any major physical constraints (for example A roads, rivers or railways) that separate it from the main settlement?	R	The site would adjoin the East Leighton Linslade urban extension once it is completed. The proposed site would however not form a logical extension as it would be separated from the wider urban extension by the Eastern Relief Road.
7	Does the site cause coalescence between an existing village or town and another existing village or town? If yes, then grade as Amber if the site would be able to provide appropriate buffers or green wedges to mitigate this, or Red if it would not be possible for appropriate buffers to be provided leaving a reasonable developable area based on the individual context of the site.	R	The site would result in coalescence between Eggington and Leighton Linslade once +East Leighton Linslade is developed.
Does the site continue to next stage?			No

² The figure of 1,500 homes has been taken from the Government Publication 'Locally-Led Garden Villages, Towns and Cities'. This defines the eligibility criteria for Garden Villages as standalone settlements of between 1,500 and 10,000 homes. (see https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/508205/Locally-led_garden_villages_towns_and_cities.pdf)

Site Assessment Framework for HOUSING³

Site details	
Reference Number	NLP338
Site Name	South of Hockliffe Road
Site Address	South of Hockliffe Road, Eggington
Settlement	Eggington
Size	Submitted Developable Area: 9.1ha Submitted Whole Site Area: 13.9ha Measured GIS Area: 13.83ha
Proposed Use	Residential
Any other information	

STAGE 1 : SUITABILITY AND AVAILABILITY (EXCLUSIONARY STAGE)

This section will exclude any sites which do not pass the exclusionary suitability criteria and they will not be assessed further.

STAGE 1A ASSESSMENT

This stage of the assessment rules out sites that are too small or conflict with national policy designations.

Provisional Site Capacity

1	Is the site likely to accommodate less than 10 dwellings? Work out the number of new homes from site size using density of 30dph and exclude up to 40 % depending on site size of land for infrastructure and services, take into account topography or significant areas of undevelopable land. Site Size Gross to net ratio standards <ul style="list-style-type: none"> Up to 0.4 hectare 100% 0.4 to 2 hectares 80% 2 hectares or above 60% <i>Note: for this calculation use the submitted Developable Area, or the area measured in GIS if this is smaller.</i>	No	Number of proposed dwellings as per proforma: 290 Number of proposed dwellings as per CBC methodology: 163
Flood Risk (All sites which reach Stage 2 will be subject to the Sequential Test)			
2	Is more than 50% of the site located in Flood Zone 2 or 3?	No	
3	Is more than 50% of the site at risk from surface water flooding?	No	
Nationally significant designations (All sites which reach Stage 2 be subject to detailed assessment)			
4	Is more than 50% of the site covered by nationally significant designations? These are: Sites of Special Scientific Interest, National Nature Reserves, Scheduled Monuments, Registered Parks and Gardens.	No	There are no nationally significant designations on the site.
5	Is more than 50% of the site located within the Area of Outstanding Natural Beauty?	No	The site is not located within the AONB.
Does the site continue to next stage?			Yes

³ Employment sites and Gypsy and Traveller sites will be assessed using separate bespoke site assessment criteria.

STAGE 1B ASSESSMENT

This stage of the assessment rules out sites that are not well related to existing settlements but are of an insufficient size to be self contained. It also rules out sites which would cause coalescence of existing towns or villages. For the purposes of this assessment, a self-contained site is defined as a site which will provide 1,500 homes or more⁴.

Relationship to Settlement

6	For sites that are not of a sufficient scale to be self-contained, is the site a logical extension to the settlement or are there any major physical constraints (for example A roads, rivers or railways) that separate it from the main settlement?	R	The site would adjoin the East Leighton Linslade urban extension once it is completed. The proposed site would not form a logical extension as it would be separated from the wider urban extension by the Eastern Relief Road. It would also decrease the future buffer between Eggington and Leighton Buzzard
7	Does the site cause coalescence between an existing village or town and another existing village or town? If yes, then grade as Amber if the site would be able to provide appropriate buffers or green wedges to mitigate this, or Red if it would not be possible for appropriate buffers to be provided leaving a reasonable developable area based on the individual context of the site.	R	The site would result in coalescence between Eggington and Leighton Linslade once East Leighton Linslade is developed.
Does the site continue to next stage?			No

⁴ The figure of 1,500 homes has been taken from the Government Publication 'Locally-Led Garden Villages, Towns and Cities'. This defines the eligibility criteria for Garden Villages as standalone settlements of between 1,500 and 10,000 homes. (see https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/508205/Locally-led_garden_villages_towns_and_cities.pdf)
